

Meeting the Open Space Challenges of the Future *Draft ROSE Review Meeting at SPUR*

SPUR and the Neighborhood Parks Council invite you to join us in discussing the City's recently-released Draft Update of the ROSE!

Wednesday, June 17th

9am - 12pm

654 Mission St.

Come and see SPUR's new building!

This newest ROSE (Recreation and Open Space Element of the General Plan) Draft has been prepared by City Planning staff and incorporates ideas gathered through discussions of the Mayor's Open Space Task Force and through the subsequent public outreach process (29 meetings) that began in December of 2008. We will hear a presentation from City Planning and break into work groups to review the new changes and to make additional suggestions that might strengthen this important policy framework for open space. Please read the attached draft before you come!

**Please RSVP to Mike Kritzman at
mkritzman@sfnpc.org**
