SAVE CANDLESTICK POINT!!!

We, the undersigned, protest the proposed closure of Candlestick Point State Recreation Area in Governor Schwarzenegger's 2008-09 FY budget. The governor's budget cuts will jeopardize the entire multi-year remediation and wetland restoration at Candlestick Point, the youth-run native plant nursery and garden at the Ranger Station, and community enjoyment of this shoreline park.

We urge Assemblyman Mark Leno and State Senator Carole Migden to sign the "Save Our State Parks" pledge. Go to www.calparks.org for more information about the 48 state parks.
